I used to dance and

G7 Am7
I knew romance till

F Am G E Am
A dagger of glass tore my world apart

D7 Em7
But if you could hold me
 Dm
When I am lonely
 Am7 D G C
I'd love you back with a golden heart

Transcriber's note:

I am *really* not sure about the instrumental bit. It gets all complex and jazzy and trying to work it out screws my noodle up. It speeds up toward the end and is not easy to get your brain around. The same goes for the bit at the end, which I solved by simply avoiding it. Yes, you are right to say that it is cheating, but I'm fine with that.

I wish you luck.
