=====

Am E Am
You go to my head till I'm losing my mind
E E7 C
Your beautiful words stretch me out on a blanket of sky
Dm
I don't want to come down
Am
No I don't want to come down
E Am
Just want to stay lost in your eyes

You go to my head, I dream I am loved
You're flowing through me like a river of poetry
I don't want to come down
No I don't want to come down
Just want to stay lost in your eyes

Am Dm Am
So keep feeding the fire, I can't get any higher
C D E
Till the night burns with the fire of a thousand stars

E7 Am
You go to my head and I know I'm alive
You could waken the dead with your beautiful mind
I don't want to come down
No I don't want to come down
Just want to stay lost in your eyes

I don't want to come down
No I don't want to come down
Just want to stay lost in your eyes
Just want to stay lost in your eyes
