(intro) Bb B* C E* Am G F G C G

C E* Am G

I walked down by the river where we used to go

F G C G
And underneath the bridge where we first kissed

C E* Am
The old town that we knew is dead and gone

G
Gone

F G C G
The sickly sun shines grayly through the mist

Bb
And like the love we used to know

B*
The poisoned river waters flow

C E* Am G
And then they're gone

F G C G
For some of us still life moves on

C E* Am G
Our love is just a relic of the past

F G C G
You'd never recognise the old town now

C E* Am G
Somewhere behind the concrete and the glass

F G C G
The monuments of England's sacred cow

Bb
Where are all the human beings?

B*
Have they been sent to Milton Keynes?

C E* Am G
They used to live round here but now they're gone

F G C G
For some of us still life moves on

Bb B* C E* Am G

F G C
For some of us still life moves on
